E Library

**Welcome to the vibrant world of Awadhesh Pratap Singh
University's e-Library, where the treasure trove of knowledge
awaits you in every pixel.**

Introduction

Awadhesh Pratap Singh University's e-Library is here to celebrate the big effort made by the Indian Ministry of Education (MoE). MoE has put a lot of money into the Digital India project, aiming to make education more accessible through technology. They've started many projects to help students in higher education.

Our e-Library is all about supporting these digital initiatives. We want our students to take advantage of them. With these digital tools, students can get top-notch academic stuff without spending a lot of money, and they can do it from anywhere, anytime.

MoE's investment means students can learn without worrying about time or location. We want every student, no matter where they come from, to have the chance to learn and grow with us. As we dive into this digital era, let's use these opportunities to become lifelong learners and make the most of what technology has to offer.

UNLOCK BOUNDLESS KNOWLEDGE: EXPLORING FREE DIGITAL INITIATIVES OF MINISTRY OF EDUCATION

Empowering the youth through education is not just a mission; it's a national obligation, and the Ministry of Education's initiatives are the guiding light towards that goal.

BRINGING THE WORLD OF SCIENCE TO YOUR FINGERTIPS THROUGH VIRTUAL LABS.

An Initiative of

Ministry of Education

Under the National Mission on Education through ICT

Virtual Labs: Bridging the gap in scientific exploration, empowering students, and researchers nationwide.

The Virtual Labs project, led by the Ministry of Education and coordinated by IIT Delhi, revolutionizes ICT-based education. With over 100 labs offering 700+ experiments, it caters to students, researchers, and colleges. This initiative pioneer's remote experimentation, eliminating the need for additional infrastructure and fostering collaboration in educational settings.
